Villa Description

This one storey Courtyard house has much charm with covered access to the bedrooms being accessed via a walkway encircling this courtyard. From the entrance lobby you transverse this small courtyard with pond to gain access to the Living/Dinning Rooms and separately to the Kitchen and bedrooms. This is outdoor living at its best. A generously sized 'U' shaped covered verandah, encircling the living/Dinning Room allows for ease of access to the verandah from Living Room and can easily accommodate having breakfast of other meals, as the kitchen has a direct serving hatch to the balcony. Indeed the kitchen also enjoys distant views of either the golf course or sea as it is located off the wing on the verandah. The Living Room has a very high vaulted ceiling, and above a section of this living room an open mezzanine study overlooks the Living Room/Dining area which is accessed via a staircase at the side of the Living Room.

All four bedrooms (two on each side of the living / dining area) have en suite walk-in closets, and bathrooms with two of these bedrooms offerog the dominant preferred distant view of either golf course or sea.
